

UI Design Document

This design document specifies some UI guidelines to make the UI look cleaner and presents information more effectively

1. Fonts

The titles (e.g. Most Popular Names) of all tabs should be a label with font 18px (Bold)
All other labels should be default 13px

2. Layout

- 2.1 The titles of all tabs should have LayoutX = 96px, and LayoutY = 32px
- 2.2 The Textfields on two adjacent lines should be exactly 33px apart vertically.
- 2.3 The Labels and corresponding Textfields should be center aligned vertically.
- 2.4 All action Buttons (e.g. Report button on Reporting 1 tab) should be placed on bottom left, aligned with the title.
